

Summer Reading

Students who read during the summer months are able to practice strategies that reinforce good reading habits. I have included Authors and Titles that will appeal to your child. Please encourage your child's non-fiction passions by guiding him or her to books on a favorite topic. Reading about true things helps create minds that are open and prepared for inquiry in science and social studies. Fiction fires the imagination and promotes a life-long love of reading. Please pick a favorite book this summer and have your child draw a picture of their favorite part. Please have your child write their name on it and the Title of the book and bring it in on the first day of school! Here are just some suggestions:
